Louis Meyer had a narrow escape from being abourd the Colima. He purpos ed to go to South America and stopped here to viest his brother. He was, while waiting for a friend, delayed here a couple of days, so that when he reached Guaymas on his way to Mazatlan where he intended to board the Colima, he learned to his then great regret that he was too late. On learning of his escape his sorrow turned to joy. His two days delay in Tueson had been the means of saving him from a watery grave.

Willis Buchman, the eldest son of Mayor Bushman, had the misfortune to fall down an abandoned well in Buel's addition Tuesday. The well is 47 feet deepand how the little fellow escaped death is a mystery, but it is supposed from the bruises on his body that he struck the sides as he went down and thus broke the fall. The CITIZEN has called attention to these death fulls that line the roads bereabouts and something should be done to lessen the danger. It is within the province os the supervisors to notify all owners of such deadfalls to fill or substantially cover them up, and

it should be done. A-Sonora sharper made an attempt to get a raise without work. He accordingly wrote to Judge Jacobs of a big copper mine he owned near Santa Ana, on the Souora railroad, and painted prospective wealth in rainbow hues. In order to more securely catch his man he innocently insisted upon shipping twenty tors of 60 per cent ore as an experiment, and all be needed was \$20 to pay for loading it on the care. At the ideas of the Judge were elevarated to the moon, but he per suaded the fellow to desist for few days. In the meantime he sent one of his sons down to examine the property and instead of a mountain of ore it took considerable scratching to locate ten pounds of stained rock. It is needless to say that the carload was not shipped.

The city council held its usual month ly meeting last Monday night. Little. however, beyond the ordinary routine work was done. Several important measures were introduced but postponed for one month in order to give the coun-cil an opportunity for better acquainting themselves with the cases. Among other things the Congregational church society petitioned for a deed to their It was considered and went over. The residents of block 174 (Royce block) asked permission to buy so much of sa d block as encroached on the street. In lot; cases it was held by City Attorney Wilson that the city had po right to make the sale petitioned for. Attorneys Bowman and Lovell, who represented the claimants, maintained otherwise.

## TELEGRAPHIC.

SANTA FE, June 5 - The court of private land claims yesterday took up the celebrated Peralta grant for twelve milcelebrated Fernita grant for tweive mil-lion, seven hundred and fifty thousand acres of land. The plaintiffs proofs con-sisting of certified copies of documents from Spain and Mexico and showing a clear title, also depositions taken in California as to the identity of the claimant Mrs. Peralta-Reavis, were put in as evidence. The forenoon was taken up by United States Attorney Reynolds in making the opening statements on be-half of the government in which every document and record was challenged as forged, manufactured or surreptititous ly inserted in the archives of Spain and

Mexico. The attorney claims that in 1886 Reavis and wife went to Spain and Reavis was discovered in the act of at tempting to leave among the files forged ices of title. Proceedings were taken in the Spanish courts, but he made his escape because of the formal and slow methods of proceedars by Spanish officials. He was in consequence eclared by the court to be a fugitive from justice.

The afternoon was taken up in the

presentation of the title papers first need by Reavis in his claim made before the surveyor general of Arizona in 1883 and 1887 and showing their spurious-ness. This will be followed as to all title dapers and then the depositions taken by the government and the ex-perts examined, and this will be fol-lowed by an attack upon Mrs. Resvis. The government claims to have conclu-sive evidence of Mrs. Resvis' identity as the daughter of John A. Treadway. her mother being an Indian squaw called Kate and that she was born in dendocino county, California.

WASHINGTON, June 5 .- A cabinet of ficer said after yesterday's afternoon meeting that no appointments had yet been made to fill the vacancy in the cab-inet. Senator Gray of Delaware came over from Wilmington today and went directly to the White house. It was ought the visit had connection with the vacant cabinet office. Gray was the most earnest champion of the administration in the senate. As a member of the committee on foreign relations he has become very familiar with the duties

Senator Gray's visit to the White House undoubtedly was in response to a telegram from the president, who, it is believed, would not besitate to offer Gray a place in his cabinet were it no or the fact that his retirement from the senate would almost to a certainty re ult in the election of a republicar hie successor. A possibility is that Holmes Conrad of Virginis, present soli-citor general may succeed Oney. In case he is selected it is believed that Uhl, the present assistant secretary of state, would be a candidate for the vacant solicitor generalship. Uhl was a candidate for this place at the time Max

well was appointed.

There is no longer any reasonable doubt that the president has fully de-termined to ask Attorney General Olney o accept the state department portfolio There is a report that the office of at orney general will be tendered Don M Dickinson. Dickinson at the beginning of the present administration declined

#### TERRITORIAL TAXES.

Session of the Board of Equalization The territorial board of equalization met yesterday in regular session, all members present. The main matter be fore the board was the assessment of the several railroads of the territory, statements being received from nearly all.

The following figures were agreed upon by the board se just and equitable Southern Pacific, per mile, \$6500; Atlantie & Pacific, \$5000; Arizona & South eastern, \$4900; Maricopa & Phoenix, 84469; Mineral Belt \$500.

fic is little changed from that of last year, and the figure for the Atlantic The World this morning says: Ru- and Pacific is that advised by the more are current that there is trouble boards of supervisors of the counties between "Jim" Corbett and his wife through which runs the line. The Marinst yes was \$51,000 per mile, but was lowered owing to the decreased efficiency of the road on earnings, owing to the active competition of a tax-exempted opponent The Ariz ma and Southea tern is the line of the Copper Queen Mining com-pany from Ben-on to Bisbee. Only that portion from Fairbank to Bi-bee is as sessed the balance being exempt under the law of two years ago. The Mineral Belt is nows mply the logging road of the Arizona Lumber company, and was sessed as having no value as a com-

mon carrier.

The balance of the roads of the territory will probably be considered today. lew days, adjournment being then taken till August, when the complaints of any dissatisfied persons will be heard according to the term of the statute .-Gazatte.

### GENERAL ROLLINS.

Dostination of the Gold Hunter was not Disclosed and There is Much Speculation Regarding Him.

SAN DIEGO, June 6-The report in vesterday's Herald of the disappearance of General H. C Rollins, and the suppos tion that he had been murdered either by his Indian associates or outlaws in Lower California, has caused considerable comment here, and while all the indications point to his probable disappearance the belief is strongly prevalent among those who know him best in this city that he is still on the prospecting tour which he arranged for taking when last he e.

At the time he decided to feave Alamo, with the evid at intention of horoughly prospecting some rich I co tions with he had heard of on the lower peninsula, he came to San Diego for his outfit, and at the Hamilton company, where he purchased his supplies, he stated to David Hamilton that it wa in the city twice, and e-ch time stopped at the Commercial hotel. In all his conversation with parties

ere about his intended trip he was not known to specify the direction which h expec ed to take, nor were his acquaint ces at Alamo or Ensenada taken into his confidence, it seeming to be his desecret as possible, so that no thought of any harm coming to him had entered the minds of his friends here at his prolongthat he would turn up sgain some day with the account of where he had been

and the results of his trip.

Aside from the fact that he has not is not safe, and from the best information to be obtained here it is believed that the reports of his death, either from natural causes of murderous attack, will yet prove unfounded.

Old mining men who have had years bility of General Rollins never being found scout the idea, as it is no uncomespecially Americans, to take long trips through the practically inaccessible regions of Lower California, where for weeks and months there is no possibility of communication with the outside world and those who have gone through this experience say that two or three months is not considered a long time to be away from civilization.

# A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journal-

ist Makes a Disclosure. Indiana contributed her thousands of brave soldiers to the war, and no state bears a better secord in that respect than it does. In literature it is rapidly acquiring an enviable place. In war and literature solomon fewel, well known as a writer as "Sol," has won an honorable position. During the late war he was a member. M. 26. N. Y. Cavalry and of the 13th Indiana Infants Voluntees. Beautifus on beautifus on the property. 2d. N. Y. Cavalry and of the 18th Indiana Infantry Volunteers. Regarding an important circumstance he writes as follows:

"Several of us old veterans here are using Dr. Miles' Responsive Nervine. Heart Curo and Nerve and Liver Phils, all of them giving splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies."—Solomon Yewell, Marion, Ind., Dec. 5, 182.
